

JH - ECO - Visa Request - Export Review Supplement for I-129, Part 6

Questionnaire- Technology or Technical Data to be Released

INSTRUCTIONS

The information requested below should be provided by the one or more persons who are best able to predict the nature and substance of the research and other work that will be performed by the Prospective Employee (i.e., the person on whose behalf JH is submitting an I-129 visa petition).

Before providing the requested information, one needs to understand how the terms "*technology*" and "*technical data*" are defined by certain U.S. "export control" regulations. Those definitions can be read by clicking the link [here](#).

The information provided below will be used by JH to certify on the I-129 that it believes that a license will or will not be required to share *technology* or *technical data* with the Prospective Employee during the course of his/her employment.

PLEASE PROVIDE THE REQUESTED INFORMATION IN THE FIELDS PROVIDED

1. What is the **full name** of the Prospective Employee?

2. What is the **country of citizenship** of the Prospective Employee?

3. If different from the country named in Item 2, please name the country in which the Prospective Employee was born, as well as any other countries of which he/she is, or was, a citizen. **By writing "None" in the field below or by leaving it blank, you will be indicating that you have investigated and determined that the Prospective Employee has no such connections to additional countries.**

4. What type of visa is being sought for the Prospective Employee?

5. Is this the first time that an Export Review Supplement has been submitted for the Prospective Employee?

6. Please **list any government or private organizations in other countries** with which the Prospective Employee will be affiliated (e.g., as a student or employee) during the time period covered by the visa petition.

7. What will be the **Prospective Employee's title**?

8. Please **describe any projects on which the Prospective Employee is expected to work** during his/her employment at JH. Include, if available, the following information: (attach additional sheet if necessary)

- Project Title (e.g., as used to refer to a sponsored project)
- Coeus Institute Proposal number
- Source of government funding, if any (paid directly or via subaward/subcontract)
- Goals of the research or other work and its intended applications
- “*Technology*,” “*technical data*” (as defined [here](#)) or source code that will be released to the Prospective Employee, especially if the information or code will be unavailable to the interested public when it is released
- Devices that will be needed for Prospective Employee to complete his/her work, especially any that you know have restrictions associated with them (e.g., physical access or access to information about them)
- Lab or center in which research or other work will take place

9. **Will all of the Prospective Employee's work support "sponsored projects"** that have been reviewed by a research administration office?

If you have answered "No," then **please describe below the non-sponsored work** that the Prospective Employee is likely to perform (attach additional sheet if necessary).

10. Will any *technology* or *technical data* that will be released to the Prospective Employee be unpublished or subject to publication/dissemination or access restrictions at the time you wish you release it to the Prospective Employee?

If you have answered "Yes," then please **describe below the *technology* or *technical data* under restriction** that you or someone else may release to the Prospective Employee (attach additional sheet if necessary).

11. Will the Prospective Employee work on any projects that involve agencies, funding, equipment, or technical information having **connections to U.S. military/defense, space, or intelligence activities?**

If you have answered "Yes," please elaborate below (attach additional sheet if necessary).

12. Will any **software (especially source code) employing encryption functionality** be released to the Prospective employee?

If you have answered "Yes," please elaborate below (attach additional sheet if necessary).

13. Are you able to anticipate the nature and substance of the Prospective Employee's work *throughout the time period covered by the current visa petition?*

If you have answered "No," then please describe below the period(s) of time for which you cannot account and the names of those who you believe can anticipate the nature and substance of the Prospective Employee's work during those times (attach additional sheet if necessary).

CERTIFICATION OF ACCURACY AND FUTURE NOTICE

I certify that, to the best of my knowledge, the information provided above is accurate and complete.

I will monitor the substance of the Prospective Employee's work during the employment period covered by the visa petition currently being prepared (with the exception of any periods in time for which I cannot account, as they may have been described in Item 13 above). If at any time during the Prospective Employee's employment I become aware that *technology or technical data* has been/is being/or will be released to Prospective Employee in ways that were not anticipated by my answers to this Questionnaire, I will immediately notify the Johns Hopkins Export Control Office. I will also notify the Johns Hopkins Export Control Office before the Prospective Employee moves to a new office or lab or begins work activity outside my control or knowledge.
