

Cut-Off Dates for Summer Institute J-1 Requests

Johns Hopkins Bloomberg School of Public Health

The OIS has established cut-off dates for Summer Institute requests. The OIS must receive **completed** applications for incoming Summer Institute participants no later than the deadline listed below. We will not issue any visa documents for applications received after these dates.* *Please note that these are the latest dates for requests to be submitted and that we strongly encourage applications to be submitted at least 2-3 months prior to the institute start date to allow sufficient time for the visa application process.*
