

# JH - ECO - Visa Request - Export Review Supplement for I-129, Part 6

## Certification- No Technology or Technical Data to be Released

### INSTRUCTIONS

This form should be submitted only if the person- or persons- who provide(s) the certification below (the "Certifier") determine(s) that no *technology* or *technical data* (as defined [here](#)) will be released to the Prospective Employee (i.e., the person on whose behalf JH is submitting an I-129 petition). The Certifier should be someone who is able to predict the nature and substance of the research or other work that will be performed by the Prospective Employee.

### PLEASE PROVIDE THE REQUESTED INFORMATION IN THE FIELDS PROVIDED

1. What is the **full name** of the Prospective Employee?

2. What is the **country of citizenship** of the Prospective Employee?

3. If different from the country named in Item 2, please name the country in which the Prospective Employee was born, as well as any other countries of which he/she is, or was, a citizen. **By writing "None" in the field below or by leaving it blank, you will be indicating that you have investigated and determined that the Prospective Employee has no such connections to additional countries.**

4. What type of visa is being sought for the Prospective Employee?

5. Is this the first time that an Export Review Supplement has been submitted for the Prospective Employee?

6. Please **list any government or private organizations in other countries** with which the Prospective Employee will be affiliated (e.g., as a student or employee) during the time period covered by the visa petition.

7. What will be the **Prospective Employee's title**?

8. Please briefly **describe the kind of work** that the Prospective Employee will perform during the time period covered by the visa petition and include in your description the **subject matter, goals and outside funding source(s)** (if any) associated with the work. For example:

Example 1: Dr. Simmons will be researching and developing nanoparticles for targeted, genetic therapy under a grant from Microventions, Inc.

Example 2: Dr. Ali will direct the clinical care of patients suffering from Crohn's Disease, will run a clinical drug trial funded by Inflabate, LLC and will teach catalogue courses 1204a and 1204b. (attach additional sheet if necessary)

9. I do not foresee JH personnel knowingly releasing any *technology* or *technical data* to the Prospective Employee...

Select Response  
A or B

(A) ...during the entire time covered by the visa petition.

**OR**

(B) ...only during a portion, or portions, of the time covered by the visa petition, as described below.

**If You Selected Response B** - Please describe in the box below (1) any period(s) of Prospective Employee's employment for which you *cannot* anticipate the nature and particulars of his/her work and (2) any persons (if known) who can anticipate such things during that or those period(s). (attach additional sheet if necessary)

---

### CERTIFICATION OF ACCURACY AND FUTURE NOTICE

**I will notify the Johns Hopkins Export Control Office before:**

- (a) any *technology* or *technical data* is released to the Prospective Employee, and/or**
- (b) the Prospective Employee moves to a new office or lab, or begins work activity outside my control or knowledge.**
