

Transfer In Form

This form is only for students currently in active F-1 immigration status. If you intend on transferring your SEVIS record from your current U.S. Institution to Johns Hopkins University, please check the box next to the JHU school you have been admitted to and give this form to your international student advisor at your current institution so they know where to transfer your F-1 record. We strongly recommend verifying the JHU school name listed on your admissions letter to confirm you are checking the correct school. This will avoid issues with having your SEVIS record accidentally transferred to the wrong JHU F program.

Message for the student's current DSO:

Please reach out to OIS before transferring an F-1 record in terminated or completed status to ensure that JHU wishes to receive the record. We can be contacted at ois@jhu.edu.

Note that two of our F program names start with "The" which can make it difficult to find the programs using the search function in SEVIS.
