

CPT Sample Explanations

Samples of acceptable explanations for the relationship between the CPT position and the student's field of study are listed below. These are only meant to show how much detail OIS needs in authorizing CPT. **These should not be copy/pasted into your CPT eForm.**

- *The internship will focus on media development and digital communication in China, which will provide me with practical application for skills and knowledge learned through my coursework in communication.*
- *I will learn and use Siemens proprietary software solutions for automatic tissue segmentation that is required for a part of my dissertation research.*
- *This internship provides training in data visualization and analysis which are closely related to my coursework in the information system program.*
- *I am enrolled in a program involving training on usage and development of modern biomedical technologies. I will gain hands-on experience in their industrial application.*
