OPT STEM Extension

The 24-month STEM OPT Extension (STEM OPT) is defined in the F-1 regulations as a “24-month extension of post-completion OPT for a science, technology, engineering, or mathematics (STEM) degree.”

Keep in mind that as the student in F-1 status, you are responsible for applying for the STEM OPT extension in a timely and complete manner. Before filing your STEM OPT application with USCIS, you must first receive an I-20 recommending STEM OPT from OIS. The Department of Homeland Security has a website that provides details for students and STEM OPT employers.
STEM OPT Extension Basics

24 Month STEM OPT Extension Eligibility Requirements:

- You must have earned a **qualifying** STEM degree from an accredited, SEVP-certified US higher educational institution in the last 10 years.

- You must be currently authorized for post completion OPT, maintaining F-1 status, and have not exceeded 90 days unemployment.

- You have had no more than one previous STEM OPT extension.
STEM OPT Extension Basics

STEM OPT Employment Requirements:

- You must pursue a job directly related to your STEM major/field of study
- The job must be paid. Volunteer or unpaid internships are not allowed.
- You must work at least 20 hours per week in each job you hold during STEM OPT
- There must be a bona fide employer-employee relationship. You must be supervised by your employer. Self-employment is not allowed.
- The Employer must be registered in E-Verify and have an IRS Employer Identification Number (EIN)
- The employer must complete and sign the Form I-983 Training Plan agreeing to wage, working conditions, supervision, site visit and reporting obligations.
- You may have multiple jobs during the STEM OPT Extension. All jobs/employers must meet these requirements. You must submit Form I-983 for each employer.
STEM OPT Extension Basics

STEM OPT Extension Dates

- STEM OPT begins the day after your current OPT ends. The end date is 24 months after the start date.

- Example: If post-completion OPT ends on Aug 31, then the STEM OPT period begins on Sep 1.

- The start of the STEM OPT Extension EAD card is based on your current OPT end date, regardless of whether the STEM OPT authorization dates match the actual employment dates with the STEM OPT employer.

STEM OPT Extension Application Process

- Submit STEM OPT Extension eForm in iHopkins and upload completed I-983 Form.
  - Allow for OIS processing time: up to 10 business days. We will not issue the I-20 more than 90 days before your current OPT end date.

- Receive I-20 with STEM OPT Recommendation from OIS.
  - Don’t forget to sign your name and date with a pen on the first page.

- Prepare STEM OPT Application and Submit I-765 to USCIS. (www.uscis.gov)
  - USCIS must receive application within the filing period - up to 90 days before the end date of post-completion OPT and **BEFORE** the end of your current OPT
  - You must submit STEM OPT application to USCIS within 60 days after the STEM OPT I-20 is issued by OIS

- Receive EAD from USCIS.
  - After USCIS approves the STEM OPT application, the Employment Authorization Card (EAD) will be mailed to you. It can take 2-4 months to receive your EAD.

STEM OPT Extension Application Process

- **Form I-983** – Required form for the STEM OPT Extension
  - Form I-983 is a 5 page document. Detailed I-983 instructions are available on the OIS STEM OPT Website.
  - You and your employer must keep the Form I-983 updated and submit any changes to OIS.
  - Both you and your employer are required to sign the Form I-983.
  - The Form I-983 Training Plan includes information such as your work site address, salary, hours per week, supervisor information, job details, your goals & objectives, and required evaluations.
  - Form I-983 is not submitted to USCIS with your STEM OPT application. However, it is a vital part of STEM OPT employment requirements, and is required for OIS to issue the I-20 recommending STEM OPT.
STEM OPT Extension Application Process

- Reminders/Common Mistakes:
  - Make sure the information on STEM OPT Extension eForm and Form I-983 match!
  - The STEM OPT Requested period on page 1 must be the start date of STEM OPT extension (immediately following the post-completion OPT end date).
  - Be sure to include your Major and CIP code on Page 1.
STEM OPT Extension Application Process

- Reminders/Common Mistakes:
  - The Start Date of Employment on page 2 should be the employment start date on STEM OPT (might be different from but should be no sooner than the STEM OPT authorization start date)
  - Ensure accurate EIN number is submitted
  - Employer information
    - Make sure your OPT employer information is accurate. Submit the OPT Reporting eForm in iHopkins if updates are needed.
Reminders/Common Mistakes:

- Make sure employer site information is accurate and employer or supervisor signatory signs the document.

Note: DHS may, at its discretion, conduct a site visit of the employer to ensure that program requirements are being met, including that the employer possesses and maintains the ability and resources to provide structured and guided work-based learning experiences consistent with this Plan.

- You can only file your STEM OPT application with USCIS *after* receiving the STEM OPT I-20 from OIS!

- Have a valid U.S. mailing address for 3-4 months in the future
  - The EAD card cannot be “Forwarded” to a new address if you move
  - If you need to move, file a [Change of Address](#) with USCIS in your online account

- You can file with Premium Processing for an additional fee
STEM OPT Extension Filing Tips

- You must file your OPT application with USCIS from inside of the U.S.

- Use the proper eligibility category on the I-765 for STEM OPT extension: (C)(3)(C)

- Track your case online at www.uscis.gov and check your mail frequently for notices
STEM OPT Extension – Pending Application

- Contact OIS if your STEM OPT is rejected, denied or if you receive a request for Evidence (RFE).

- Contact OIS if you change your employer or your employment is terminated while STEM OPT is pending.

- Your work authorization is automatically extended for 180 days after you properly and timely file your STEM OPT application with USCIS

  - You can work while the application is pending and before receiving the STEM EAD
Reporting Requirements

- Submit the STEM OPT Reporting eForm in iHopkins any time there is a change to your information or employment.
- If any information on the Form I-983 changes, a new Form I-983 is needed.
- Submit the STEM OPT Reporting eForm for:
  - New employment
  - Employer is acquired by another company or company merger occurs
  - Employment ends
  - Change of home address
  - Change of employer’s address, EIN, name, or any change to employment status
  - Change of phone number/email address
  - Change of visa status (if you change to H-1B, for example)
  - If you depart the U.S. and no longer need STEM OPT
Reporting Requirements

- 6 Month Participation Reports due at: 6, 12, 18 and 24 months.
  - You are required to report every 6 months based on the start date of STEM OPT EAD even if there are no changes to your employment
  - You are required to report 6-month participation even if you are unemployed

- At 12 months and 24 months, you must complete self-evaluations by completing page 5 of the Form I-983 in addition to the validation report
  - When employment ends, the final evaluation (bottom half of page 5) is due.
